

TransitFIRST

You are invited to drop in to our

Open House & Public Workshop

Thursday, May 13, 2004

on the

SDSU-MidCity-Downtown TransitFirst Showcase Project

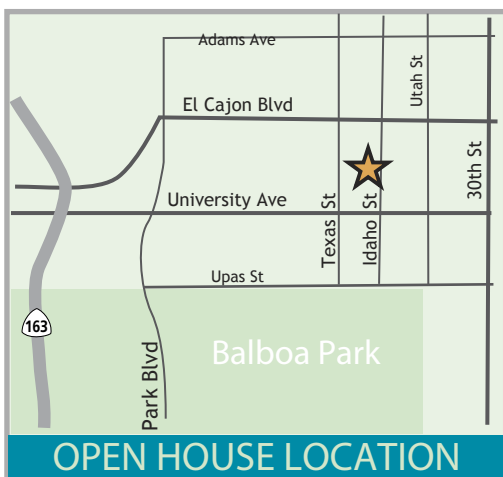

- Learn about the Showcase Project and Transitways
- Give us your comments and ideas
- Have a say in the future of transit in your community

This Project will show San Diegans the future of transit in our region through a ten-mile "starter" line. The line will serve downtown San Diego, Balboa Park, North Park, Normal Heights, Kensington, Talmadge, City Heights, the college area, and San Diego State University (SDSU) with faster, higher-quality, rubber-tired transit. This new transit line will offer the ride quality of rail and the flexibility of a bus!
