

You are invited to an

OPEN HOUSE for the **SDSU-MidCity-Downtown** **SHOWCASE PROJECT**

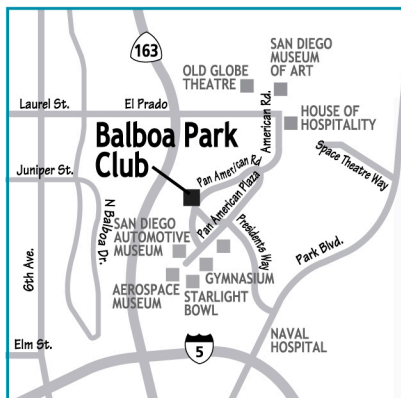

The Transit First Showcase Project will show San Diegans the future of transit in our region through a 9.9-mile "starter" line. The line will serve downtown San Diego, Balboa Park, North Park, Normal Heights, Kensington/Talmadge, City Heights, the College area, and San Diego State University (SDSU) with high-quality, rubber-tired transit.

This new transit line will offer the ride quality of rail and the flexibility of a bus!

- Learn about the project
- Give us your comments and ideas
- Have a say in the future of transit in your community
