Through the Smart Growth Incentive Program (SGIP) and the Active Transportation Growth Program (ATGP), SANDAG helped fund the construction of more than 39 miles of new or improved bikeways throughout the region with an additional 21 miles of planned or proposed bikeways.

SANDAG is also helping deliver more than 8.5 miles of new or improved bikeways through joint-agency projects including Build NCC, the first package of projects being constructed through the 40-year North Coast Corridor (NCC) Program, and the Mid-Coast Trolley Project, 1.5 miles of which are complete and open to the public.
