Ride the MTS Premium Express Bus...it's easier than you think.

Back to school always signifies the beginning of fall and the start of heavy traffic on the I-15 corridor. Now, more than ever, the I-15 Express Lanes can offer some relief. With 16 miles of Express Lanes complete, SANDAG and Caltrans are pleased to offer a congestion-free alternative to the daily commute.

- Remember, if there are two or more people in your vehicle you can ride in the Express Lanes for FREE! Consider carpooling even once a week.
- Start a vanpool with 7 to 15 people.
- Take the MTS Premium Express Bus if you work in downtown San Diego and let someone else do the driving.

For the days when ridesharing isn't an option, consider opening a **FasTrak® account -- drivers who sign up for a new FasTrak account by November 20 receive a free \$10 gas card.**
