

Construction Advisory #5 I-15 Express Lanes Nighttime Closures

Please be advised that for approximately two weeks, beginning August 11, construction activity in the median of I-15 between Mira Mesa Boulevard and Carroll Canyon Road will require intermittent nighttime closures of the Express Lanes (Sunday nights through Friday mornings) from 8 p.m. to 5 a.m.

These closures will allow crews to construct retaining walls along the Express Lanes as part of the Mira Mesa Direct Access Ramp (DAR) construction project. Signs will be posted on the freeway to direct Express Lanes motorists where to exit and re-enter the lanes.

The Mira Mesa DAR along with the new Miramar College Transit Station, which is also under construction, will link to the I-15 Express Lanes via Hillery Drive. This will be the fifth DAR constructed along the I-15 Corridor and will support future Rapid Transit service beginning in summer of 2014. Construction of the DAR and transit station is scheduled to be complete next year.

How to Stay Informed

Save yourself time and be prepared. Call or visit us online to learn about your travel options and plan your commute during construction.
