

- Environmental Enhancements**
- 1 Batiquitos Bluffs**  
Preserve and restore two parcels equaling 50.5 acres of native upland and wetland habitat previously slated for development. Acquired in 2015.
  - 2 La Costa Property Site**  
Preserve 21.65 acres of coastal habitat near Batiquitos Lagoon. Acquired in 2009.
  - 3 Hallmark Site**  
Establish and restore a total of 19.3 acres of coastal and upland habitat adjacent to the Agua Hedionda Lagoon in Carlsbad. Restoration nearly complete.
- Construction Begins Fall 2017**
- 4 High Occupancy Vehicle (HOV) Lanes from Birmingham Dr. to Palomar Airport Rd.**  
Add one carpool lane in each direction on I-5 from Birmingham Dr. to Palomar Airport Rd.
  - 5 Batiquitos Highway Bridge Replacement**  
Replace the Batiquitos Lagoon highway bridge with a wider, longer bridge to accommodate added carpool lanes and improve lagoon tidal flow.
  - 6 Batiquitos Rail Bridge Replacement**  
Replace the Batiquitos Lagoon rail bridge with a wider, longer bridge to accommodate second track and improve lagoon tidal flow.
  - 7 Batiquitos Lagoon Double Track**  
Add .75 miles of double track at the Batiquitos Lagoon.
  - 8 Batiquitos Lagoon Highway Bike/Ped Suspension Bridge**  
Add a bike/pedestrian bridge immediately west of the highway bridge to improve lagoon connections.
  - 9 Poinsettia Sound Walls**  
Construct sound walls at the Alta Mira and Harbor Pointe communities.
- Construction Begins 2018**
- 10 HOV Lanes from Palomar Airport Rd. to SR 78**  
Add one carpool lane in each direction on I-5 from Palomar Airport Rd. to SR 78.
  - 11 Las Flores Sound Walls**  
Construct sound walls just north of Las Flores Dr.
