

CONSTRUCTION NOTICE

GEORGIA – MEADE BIKEWAY

In early June, crews are expected to begin construction of a neighborhood traffic circle at the intersection of Meade Avenue and Central Avenue as part of the Georgia – Meade Bikeway project. Construction at this intersection is anticipated to last approximately six months.

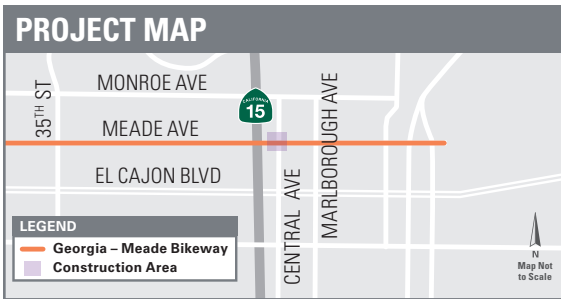

During construction, nearby residents can expect intermittent noise, traffic control and detours, and street parking limitations. Access to all homes and businesses will be maintained. Notice of street parking limitations will be provided at least 48 hours in advance.

Most work will occur Monday through Friday, holidays excluded, between 7 a.m. and 5 p.m. Occasional Saturday work may be required. We apologize for any inconvenience and appreciate your patience during construction.

Construction schedules are subject to change.

ABOUT THE PROJECT

The 3.5-mile Georgia – Meade Bikeway will provide a vital connection for residents to walk and bike between vibrant communities within San Diego's urban core – University Heights, North Park, Normal Heights, and Kensington-Talmadge. Construction began in fall 2019 and is anticipated to be complete in spring 2022.

Update on Construction Activities During COVID-19 Pandemic

Public works construction activities have been deemed essential, so we're continuing to keep active construction projects moving during the pandemic. Protecting the health and safety of the San Diego region, including our partners, contractors, and stakeholders, is a top priority for SANDAG. Be assured that construction workers are following precautionary health measures, and we continue to monitor developments and follow all health guidance and orders. **For additional information, visit sandag.org/COVID-19.**
