

# Coastal Connections Conceptual Planning Study Community Open House

## You're Invited!

Please join us to learn more about the Coastal Connections study. Stop by to talk with the project team and share your opinions on potential pedestrian access improvements including rail corridor crossings, trails, and beach access points. The study area is between Coast Boulevard and Torrey Pines State Beach in Del Mar, along a 1.6-mile section of the rail corridor situated among coastal bluffs.

## Provide your feedback

The project team will present and gather feedback from the community on potential pedestrian access improvements, including the expected benefits, costs, and potential tradeoffs of each. We look forward to hearing from you!

The study is being led by the San Diego Association of Governments (SANDAG) with support from agency stakeholders including the City of Del Mar, North County Transit District, California Coastal Commission, and Caltrans.
