SANDAG will soon begin work to stabilize the bluffs along the railroad tracks within the North County Transit District railroad right-of-way. Construction will be focused between Seagrove Park and Lois Lane; 12th Street to 10th Street; 8th Street to 6th Street; and an area south of Spinnaker Court.

The work is scheduled to begin in June 2011. A portion of the work will take place nightly Sunday through Thursday evenings from approximately 10:30 p.m. to 5:30 a.m. It is anticipated that this work will be completed within five months.

**Come to the informational meeting to hear more about the stabilization process and schedule.**
