

- Environmental Enhancements**
- 1 Batiquitos Bluffs**
Preserve and restore two parcels equaling 50.5 acres of native upland and wetland habitat previously slated for development. Acquired in 2015.
 - 2 La Costa Property Site**
Preserve 21.65 acres of coastal habitat near Batiquitos Lagoon. Acquired in 2009.
 - 3 Hallmark Site**
Establish and restore a total of 19.3 acres of coastal and upland habitat adjacent to the Agua Hedionda Lagoon in Carlsbad. Restoration nearly complete.
- Construction Begins 2018**
- 4 High Occupancy Vehicle (HOV) Lanes from Birmingham Dr. to Palomar Airport Rd.**
Add one carpool lane in each direction on I-5 from Birmingham Dr. to Palomar Airport Rd.
 - 5 Batiquitos Rail Bridge Replacement**
Replace the Batiquitos Lagoon rail bridge with a wider, longer bridge to accommodate second track and improve lagoon tidal flow.
 - 6 Batiquitos Lagoon Double Track**
Add .75 miles of double track at the Batiquitos Lagoon.
- Construction Begins 2019**
- 7 Poinsettia Sound Walls**
Construct sound walls at the Alta Mira and Harbor Pointe communities.
 - 8 HOV Lanes from Palomar Airport Rd. to SR 78**
Add one carpool lane in each direction on I-5 from Palomar Airport Rd. to SR 78.
 - 9 Las Flores Sound Walls**
Construct sound walls just north of Las Flores Dr.
