

Overnight Work to Take Place on Santa Inez for Interstate 5 Improvements

Residents on Santa Inez in the City of Solana Beach are advised that as part of Build NCC efforts to replace the San Elijo Lagoon Highway bridge, construction crews will be connecting the existing City of Solana Beach sewer line to a new sewer system installed as part of the highway improvements tomorrow night, **Thursday, September 6.**

Residents should not experience any disruption in service, but may experience lights and noise associated with this work between the hours of 11 p.m. – 5 a.m. This may include Occupational Safety and Health Administration (OSHA) required vehicle back-up alarms. Crews expect this work to take place for one night only.

Thank you for your patience during construction. Please contact **844-NCC-0050** or email buildncc@keepsandiegomoving.com if you have any immediate questions.

About Build NCC

Build NCC is a collaborative effort between SANDAG, Caltrans, and United States Department of Transportation. The first phase of construction is in the cities of Solana Beach, Encinitas, and Carlsbad as part of the North Coast Corridor Program. Build NCC includes extending the existing carpool lane on I-5 in each direction from Lomas Santa Fe Drive to State Route 78, double tracking the rail line and replacing the highway bridge at the San Elijo Lagoon, restoring the San Elijo Lagoon, and constructing nearly 10 miles of new bike and pedestrian trails. Construction on Build NCC began in early 2017 and will be complete by 2021.
