WHERE:

1888 Montgomery Drive, Cardiff-by-the-Sea

The San Diego Association of Governments (SANDAG), in partnership with the City of Encinitas and North County Transit District, will host a community meeting in February to brainstorm and refine the vision for the E Street to Chesterfield Drive segment of the Coastal Rail Trail. Please come to the workshop and help us plan this new path – which will be an important segment of a regional bikeway that will eventually be continuous

from Oceanside to San Diego. The Coastal Rail Trail in Encinitas is planned as a multi-use path, separated from motor vehicle traffic. The initial two-mile segment, from E Street to Chesterfield Drive, would be the first section of the Coastal Rail Trail in Encinitas. The overall project goal is to provide a comfortable off-street facility for people of all ages and abilities to ride a bike, walk, or run.
